

What’s the best medium for this prompt?

Below you'll find a randomly chosen ChatGPT user prompt. Put yourself in the shoes of the user who entered this prompt into ChatGPT. Imagine their intentions, expectations, and what they are ultimately trying to achieve. In your opinion, what form of media would the user want the ai response to come in? Think about what would be most helpful for the user's understanding of the answer, and what would feel most intuitive.

Prompt:

“Explain quantum computing in simple terms

Note: Many prompts may be confusing or use unfamiliar jargon/language. Try to answer to the best of your ability, though if you believe you are truly unable to offer insight, you may skip the prompt.
